GREAT RETROFIT FOR EXISTING DOUBLE GANG CALL POINTS

EMERGENCY ASSISTANCE ALARMS

Folknoll emergency assistance alarm systems offer cost-effective, vandal resistant, **BS 8300-2** and **DOCUMENT M** compatible solutions built from standard and bespoke units. Our alarms can be combined with disabled refuge EVCS and other systems. Ideal for **SHOPS, OFFICES, HOTELS** and other **PUBLIC SPACES**.

FOLKNOLL ALARM CALL POINTS

Call points, pull cords and alarm strips are used to call for assistance in emergency. These units are mounted in strategic locations in accordance with current standards, enabling distressed persons to activate alarms. Depending on the system configuration, beacons, sounders and remote monitoring units will be used to alert staff and others to respond to incidents.

DT7520.21 BEACON, CALL POINT

This unit is a combined beacon and call point, with a large, 20mm dome, LED beacon and vandal resistant call button. The call button must be held for at least 0.25 seconds to reduce the risk of an accidental alarm reset. The faceplate is made from brushed finish stainless steel and annotated in black with the word **CALL**. Other finishes and alternative annotation are available on request. These units can be mounted in standard UK, 35mm, double gang, back box.

GREAT RETROFIT FOR EXISTING DOUBLE GANG CALL POINTS
