EMERGENCY ASSISTANCE ALARMS

Folknoll emergency assistance alarm systems offer cost-effective, vandal resistant, **BS 8300-2** and **DOCUMENT M** compatible solutions built from standard and bespoke units. Our alarms can be combined with disabled refuge EVCS and other systems. Ideal for **SHOPS, OFFICES, HOTELS** and other **PUBLIC SPACES**.

FOLKNOLL BEACON SOUNDERS

Beacons, sounders and combined beacon sounders are usually mounted over the entrance of an alarm zone to attract attention and indicate the source of an alarm. Depending on the layout of the site, additional beacons/sounders and/or remote indicators may be required to help ensure staff are aware of alarm activations.

DT 7800-122: BEACON SOUNDER BLACK

The DT 7800-122 the black painted, mild steel, version of our standard overdoor beacon sounder.

This unit is fitted with a large bright red LED beacon and an internal sounder which illuminates and sounds to indicate the source of activated alarms. The LED beacon is dome shaped and can be seen from the side. Ideal for corridors, etc.

The beacon and sounder can be linked together or controlled separately to indicate the alarm acknowledge state.

The faceplate is made from mild steel with a black painted finish. The unit is annotated in white with the words **ASSISTANCE REQUIRED**. Other finishes and alternative annotation are available on request.

This unit is suitable for mounting in a standard UK, 35mm, single gang back box.
