SERIES 9 INTERCOM

Our NOMS compliant series 9 intercom system is specially developed for use in tough custodial environments. Most units have stainless steel faceplates, flush mount back boxes and **ANTI-TAMPER** fixings. Ideal for Police, MoJ, HMPS, secure hospitals and similar establishments. Many units also benefit from safer cell compatible **ANTI-LIGATURE** design, making the system suitable for custody suites, seclusion rooms, etc. For even more extreme locations, we offer units with super-flush back boxes for mounting in **ANTI-PICK** adhesive.
