**VANDAL RESISTANT DESIGN**

### VIDECOM INTERCOM SYSTEMS

The VC-7000 Videcom series is a range of easy to install, easy to configure and easy to operate vandal resistant communications equipment, designed to enable you and your clients to install reliable, vandal-resistant audio and video intercom systems.

### VIDECOM OPERATOR STATIONS

Videcom operator stations are usually mounted in permanently staffed areas and are used by staff to make and receive calls (and video) to/from Videcom users.

### VC 7000-011: VANDAL-RESISTANT OPERATOR STATION

The VC 7000-011 is our standard stainless, audio and video intercom operator station. The unit has nineteen control buttons, an internal microphone and internal speaker. The audio output is adjustable up to 80dB for locations with high background noise.

**THIS UNIT CAN BE USED IN CONJUNCTION WITH VIDEO MONITOR(S)  
TO FORM AN AUDIO VIDEO OPERATOR STATION**

### CONSTRUCTION

This unit is made from high-quality stainless steel with vandal resistant fittings and mesh or grill protection for openings. Anti-tamper fixings are available to deter unauthorised access. Custom Folknoll mild steel back boxes are available for surface or flush mounting. Other options available by request.
