### WARDEN CALL SYSTEMS

Folknoll offer a range of warden call equipment to provide peace of mind to occupants of warden controlled care homes and sheltered accommodation.

### WC 7608 STAINLESS STEEL SPEECH UNIT

The WC 7608 single button internal outstation is a vandal resistant speech unit with a stainless steel fascia and mild steel painted back box.

The unit has an integral microphone and speaker and is fitted with large vandal resistant call button and a call progress LED.

Speaker volume and microphone gain are independently adjustable to suit the operating environment, with a maximum output of 80 dB for noisy areas.

The standard faceplate is made from brush finished stainless steel and annotated in black with the words 'PRESS ONCE TO CALL', alternative finishes and annotation are available on request.

The unit is supplied with a flush or surface mount mild steel back box.

**The stainless steel speech unit is ideal for more exposed areas, entrances communal rooms etc.**
